About Me

Full-Stack Developer based in the Philippines with 2+ years of experience building business websites, CRM systems, API integrations, automation tools, and AI-assisted web applications using React, Next.js, Node.js, PHP/Laravel, JavaScript/TypeScript, and MySQL.

Featured Project

AI Web-to-Print Platform

Live Demo: <https://web2print-clone.vercel.app/>

Built a full-stack web-to-print application featuring product customization, order management, responsive UI, and REST API integrations. AI tools such as ChatGPT and Claude accelerated planning, debugging, and development.

Additional Experience

Custom CRM platforms, workflow automation, third-party API integrations including printing workflows, deployment, maintenance, and production support.

Technical Skills

React, Next.js, Node.js, PHP/Laravel, JavaScript, TypeScript, MySQL, REST APIs, Tailwind CSS, Git, AI-assisted development (Claude, ChatGPT, GitHub Copilot).
